BLINDS

Did you know that your dirty or damaged blinds can be cleaned and repaired? Don't throw them out. The Amazing Clean ultrasonic process will rejuvenate all types of blinds, removing dust, insect stains, grease, nicotine and other odours leaving them clean, sanitised and de-odorized. In many cases, you'd think that your blinds were brought back to brand new!

Amazing Clean can also repair any blind and supply new weights and chains to Verticals. Our operators are proud in providing a fast, reliable, friendly and professional service.
